To Our Valued Customers, Agents and Distributors:

We are pleased to announce the acquisition of the hydrological instrument manufacturing, sales and service business of Scientific Instruments, Inc. and its relocation to our facility in Columbus, Ohio. Scientific Instruments will continue to operate their Surveying and GPS sales and service business from their offices in Milwaukee, WI.

Scientific Instruments, Inc. has manufactured flow measuring instruments such as Price type current meters, wading rods and suspension equipment as well as sediment sampling equipment for nearly fifty years and have always been recognized as manufacturing top quality instrumentation. Rickly Hydrological Co., Inc. has been manufacturing a complete line of hydrological instruments since 1922. We are anxious to provide your future needs and we will also support products you have previously purchased from Scientific Instruments, Inc.

Contact information for Rickly Hydrological Co., Inc. is as follows:

web site: www.rickly.com
email: sales@rickly.com
phone: 1-800-561-9677 or locally at 614-297-9877

All of us at Rickly Hydrological Co., Inc. are excited about this new opportunity. We look forward to continuing to serve your hydrological instrumentation requirements and are committed to maintaining the high standards of quality and service you have always expected from both Scientific Instruments, Inc. and Rickly Hydrological Co., Inc. We want to thank you for your continued business and look forward to working with you in the future. Please let us know how we can best serve you.

Sincerely,

Mike Rickly
